

(Final Phase) Process Plant and Equipment including Extrusion, Blending, Filling and Packing Plant, Robotic Systems, Contractors Plant, Fork Lift Trucks, Warehouse Racking and Industrial Equipment

**Building C, Xerox Technology Park, Dublin Road, Dundalk,
County Louth, A91 CP23, Ireland**

KDM Plant have been appointed as the approved sole principal dismantling contractor and have been appointed to remove the fixed plant and equipment at the Xerox Technology Park Dundalk site. The purchaser MUST use this contractor. The contractor has produced the priced list below (for the removal of and loading onto purchaser's transport).

Please see prices against each lot for dismantling and loading onto purchaser's transport. If packing into containers is required, then the purchaser should liaise with the dismantling contractor in this regard. Please note this contract is entirely between the purchaser and the contractor with no responsibility whatsoever vested with either the Vendors or the Auctioneers.

All prices are subject to addition of VAT. E&OE.

7	Flowmat Bag Filler BULK BAG DISCHARGE TOWER , with a fabricated steel tower, approx. 1.7m x 1.6m x approx. 5.3m high, with single four chain hoist, mounted steel hopper, discharge chute, geared motor driven rotary air seal, connecting, control panels and fabricated steel access walkway	€1000
8	GEI Gallay St-S401 STAINLESS STEEL HOPPER DISCHARGE STAND , reference no. P1425-C03-005, year of manufacture 1999, overall size approx. 1.7m x 1.5m x 3.2m high, with rotary air seal, control panel and control equipment as fitted (excluding access platform)	€150
9	Flowmat Bag Filler BULK BAG DISCHARGE TOWER , with a fabricated steel tower, approx. 1.7m x 1.6m x approx. 5.3m high, with twin fall chain hoist, mounted steel hopper, discharge chute, geared motor driven rotary air seal, connecting piping, control panels and fabricated steel access walkway	€1000
10	GEI Gallay St-S301 STAINLESS STEEL HOPPER DISCHARGE STAND , reference no. 1425-007-001, year of manufacture 1999, overall size approx. 1.7m x 1.5m x 3.2m high, with rotary air seal, control panel and control equipment as fitted (excluding access platform)	€150
11	Control Console	€70
12	Galvanised Steel Cased Tote Bag Filling Enclosure , approx. 1.5m x 1.5m x approx. 2.3m high, with flow control equipment as fitted (classifier dust collector offload station ST-C266)	€400
13	Gardner Denver Lamson 859-9-0-0-0-AB BLOWER , serial no. P000876, with Brook Hansen 90kW electric motor 2970rpm, steel base plate, floor panel and immediate control equipment (above) (Classifier 2)	€400
14	Gardner Denver Lamson 553-3-0-10 BLOWER , serial no. P000670, with electric motor, steel base plate, and immediate flow control equipment (above)	€350
15	Screen Dust Collection Flow Station (ST-S265) , approx. 1.5m x 1.5m x 2.4m high, with and immediate flow control equipment (above), loadcells as fitted and digital read out (WIT_S265_01)	€400
16	Gardner Denver Lamson 1252-2-0-0-0-46 BLOWER , serial no. P000773, with electric motor, steel base plate, flow control equipment (above), (Grinder)	€400
17	Grinder Dust Collection Offload Station , approx. 1.5m x 1.5m x approx. 2.3m high	€400
18	Jan-Vac Line One Tote Bag Filling Line (ST-J001) , approx. 1.5m x 1.5m x 2.3m high, fitted loadcell weighing platform, flow equipment as fitted (inside) and digital read out	€400
19	Grinder Dust Collector Offload Station (ST-G145) , approx. 1.5m x 1.5m x 2.3m, with flow control equipment as fitted (above)	€400
20	Gardner Denver Lamson 1252-2-0-0-0-AB BLOWER , serial no. P000777, with electric motor drive, steel base plate and flow control equipment (above) (Grinder)	€400
21	Screen & Dust Collector Offload Station (ST-S165) , approx. 1.5m x 1.5m x 2.4m high, with flow control equipment (above), loadcells and digital read out	€400
22	Gardner Denver Lamson 553-3-0-AB BLOWER , serial no. P000765, with Brook Hansen 30kW electric motor 2940rpm, steel base plate, control equipment (above) and isolator (screener)	€350

Lot Number	Lot Description	Take out & loading + VAT
23	Turbo Dynamics CENTRIFUGAL FAN , serial no. 99-2629, with insulated cladding, Brook Hansen 110kW electric motor 1480rpm, approx. 600mm dia. intake, approx. 650mm x 440mm delivery, temperature probes, chamber	€750
24	Nuisance Dust Collector Offload Station (ST-U106) , approx. 1.5m x 1.5m x 2.3m high, with access platform (top), flow control equipment (above)	€400
26	Gardner Denver Lamson 553-3-0-AB BLOWER , serial no. P000675, with electric motor drive, steel base plate, flow control equipment (above) and isolator switch (Screener)	€400
27	Screener Dust Collector Offload Station (ST-S365) , approx. 1.5m x 1.5m x 2.4m high, with loadcells, display panel and flow control equipment (above)	€400
28	Gardner Denver Lamson BLOWER , with Brook Hansen electric motor, 2965rpm, flow control equipment (above) and steel base plate	€400
29	Grinder Dust Collector Offload Station ST-G345 , approx. 1.5m x 1.5m x 2.3m high, with flow control equipment (above)	€400
30	Jan-Vac Line 2 Offload Station (ST-J002) , approx. 1.5m x 1.5m x 2.3m high, with loadcell platform, digital read out and flow control equipment (inside)	€400
31	Grinder Dust Collection Offload Station (ST-G445) , approx. 1.5m x 1.5m x 2.3m high, with flow control equipment (above)	€400
32	Gardner Denver Lamson 1252-2-0-0-0-AB BLOWER , serial no. P000776, with Brook Hansen 75kW electric motor 2948rpm, steel base plate and flow control equipment (above), (Grinder)	€400
33	Screen & Dust Collector Offload Station (ST-S465) , approx. 1.5m x 1.5m x 2.4m high, with loadcells as fitted, digital read out and flow control equipment (above)	€400
34	Gardner Denver Lamson 553-3-00-AB BLOWER , serial no. P000765, with Brook Hansen electric motor, steel base plate and flow control equipment (above), (Screener)	€350
35	Gardner Denver Lamson 859-9-0-0-0-0-AB BLOWER , serial no. P000938, with Brook Hansen 90kW electric motor 2978rpm, steel base plate and flow control equipment (above), (Classifier)	€400
36	Dust Collector Offload Station (CL4) , approx. 1.5m x 1.5m x 2.3m high, with flow control equipment (above)	€400
37	Turbo Dynamics CENTRIFUGAL FAN , serial no. 2630, with Brook Hansen 110kW electric motor 1480rpm, insulated cladding, approx. 600mm dia. intake, approx. 650mm x 440mm delivery, expansion box and temperature probes as fitted	€750
38	Nuisance Dust Collector Offload Station (ST-U206) , approx. 1.5m x 1.5m x 2.3m high, with control equipment (above) and access platform	€400
39	VERTICAL RECEIVER FILTER UNIT (understood to be aluminium alloy), approx. 1.3m x approx. 3.2m deep, with galvanised steel support frame, galvanised steel access platform to top, control and sensors as fitted, explosion vent to side and fitted Fike suppression system	€3000
40	Donaldson Torit 033 8-08-B FILTER UNIT , serial no. 99170389, approx. 1.9m x 1.5m x approx. 4m high overall	€3500

Lot Number	Lot Description	Take out & loading + VAT
41	Donaldson Torit DFT 3-18-R DUST COLLECTION UNIT , serial no. 99070389, year of manufacture 1999, approx. 2m x 1.4m x 4m deep overall, with steel support frame	€3000
42	Donaldson 2DF4-R Dust Unit , serial no. 11822257U1MA, year of manufacture 2017 (DCTP0406), overall size approx. 1.1m x 1.15m x 2.1m high on cabinet, with access platform to side and actuator discharge	€3000
43	Receiver Filter Unit , approx. 900mm dia. x 3m deep, with electro-pneumatic actuator discharge	€3000
44	Receiver Filter Unit , approx. 900mm dia. x 3m deep, with electro-pneumatic actuator discharge	€3000
45	Donaldson Torit DFT 2540-R DUST FILTER UNIT , serial no. 99070369, year of manufacture 1999, approx. 1.7m dia. x 4.7m high overall	€3000
46	Donaldson Torit –T 4-64-R DUST FILTER UNIT , serial no. 99070389, year of manufacture 1999, approx. 2m x 4.3m x 3.9m deep overall, with auger discharge and immediate steel supports	€9000
47	Gardner Denver T3A06 Blower , serial no. C001380, with WEG 30kW electric motor 1470rpm, with intake and immediate piping only	€1000
48	Universal Silencer ILF-14 SILENCER , serial no. 99921-99-2, approx. 700mm x 1.1m deep	€750
49	Universal Silencer ILF-14 SILENCER , serial no. 99921-99-4, approx. 700mm x 1.1m deep	€750
50	Continental Industrie BLOWER , with electric motor, steel base plate and immediate piping as fitted	€1000
51	VERTICAL RECEIVER FILTER UNIT (understood to be aluminium alloy), approx. 1.3m x approx. 3.2m deep, with galvanised steel support frame, galvanised steel access platform to top, control and sensors as fitted, fitted Fike suppression system	€3000
52	Donaldson Torit Type DFT 3-18-R DUST COLLECTOR UNIT , serial no. 99070369, year of manufacture 1999, with slide on discharge	€3000
53	Donaldson Torit DFT 3-18-K DUST COLLECTION UNIT , serial no. 99070389, year of manufacture 1999, approx. 2m x 1.4m x 4m deep overall, with steel support frame	€3000
54	Donaldson Torit Receiver Filter Unit , serial no. 99070389, year of manufacture 1999, approx. 900mm dia. x 3m deep, with electro-pneumatic actuator discharge	€3000
55	Donaldson Torit DFT 1016-R Receiver Filter Unit , serial no. 99070389, year of manufacture 1999, approx. 900mm dia. x 3m deep, with electro-pneumatic actuator discharge	€3000
56	Donaldson Torit DFT 2540-R DUST FILTER UNIT , serial no. 99070389, year of manufacture 1999, approx. 1.7m dia. x 4.7m high overall	€3000
57	Donaldson Torit DFT 4-64-R DUST FILTER UNIT , serial no. 99070389, year of manufacture 1999, approx. 2m x 4.3m x 3.9m deep overall, with auger discharge and immediate steel supports	€9000
58	Gardner Denver Model T3A06 Exhauster , serial no. 200064, with electric motor drive and immediate pipework as fitted	€1000
59	Universal ILF-14 Silencer , serial no. 99921-99-1, approx. 700mm dia. x 1.2m deep	€750
60	Universal ILF Silencer , serial no. 99921-99-8, approx. 700mm dia. x 1.2m deep	€750

Lot Number	Lot Description	Take out & loading + VAT
61	Flextraction Limited 4M DOWNFLOW BOOTH , serial no. F6945, year of manufacture 2010, with stainless steel panelling, external dimensions approx. 4m x 2.85m x 2.5m high, with fluorescent lighting, two loadcell platform weighers, each with digital read out, fitted fans internally	€1000
62	GRINDER FEED SYSTEM comprising mainly Waesche geared motor driven rotary air seals, two powder additive feed units, two stainless steel vessels, each approx. 700mm dia. x 1.2m deep, two feeder unit control panels, each with Ramsey loss in weight feeder controllers, model 2104, immediate pipework and valves etc. and access platform approx. 4.6m x 5m, with steel supports and staircase	€1750
63	GRINDER FEED SYSTEM comprising mainly Waesche geared motor driven rotary air seals, two powder additive feed units, two stainless steel vessels, each approx. 700mm dia. x 1.2m deep, two feeder unit control panels, each with Ramsey loss in weight feeder controllers, model 2104, immediate pipework and valve etc. and access platform approx. 4.6m x 5m, with steel supports and staircase	€1750
64	Thyssen Henschel FM600 BLENDER , serial no. 835246, year of manufacture 1999, with ABB 90kW electric motor, 1483 rpm, jacketed, stainless steel lined, immediate flow control equipment above and to side and with access platform	€1000
65	GEI Gallay ST-B455 STAINLESS STEEL FRAMED TOTE BIN FILLING FRAME (Adblend Offload Station) , overall size approx. 1.66m x 1.4m x 2.26m high, with loadcells and digital read out	€200
66	Thyssen Henschel FM600 BLENDER , serial no. 804849, year of manufacture 1999, with ABB 90kW electric motor, 740rpm, jacketed, stainless steel lined, with immediate flow control equipment above and to side and access platform	€1000
66A	Steel Double Door PLC Cabinet	€120
67	GEI Gallay ST-M210 STAINLESS STEEL FRAMED TOTE BIN FILLING FRAME (Preblend Offload Station) , overall size approx. 1.66m x 1.4m x 2.26m high, with loadcells and digital read out	€200
68	Bolted Sectional Plant Entablature/ Flooring , approx. 13.5m x 3.9m x 2.6m high, with steel staircase and barrier rails etc.	€2000
69	Control Console, with double door PLC cabinet	€70
70	Thyssen Henschel FM600 BLENDER , serial no. 804855, year of manufacture 1999, with ABB 90kW electric motor 1483rpm, jacketed, stainless steel lined, with immediate flow equipment to top and sides, with access platform	€1000
71	GEI Gallay ST-B355 STAINLESS STEEL FRAMED TOTE BIN FILLING FRAME (Adblend Offload Station) , overall size approx. 1.66m x 1.4m x 2.26m high, with loadcells and digital read out	€200
72	Double Door Steel PLC Cabinet	€120
73	Bolted Plant Entablature/ Mezzanine , approx. 4m x 4.9m x 2.6m high, with access staircase and barrier rails	€1000
74	Thyssen Henschel FM600 BLENDER , serial no. A04854, year of manufacture 1999, stainless steel lined, jacketed, with ABB 90kW electric motor 1483 rpm, with flow control equipment to top and sides and with access platform	€1000
75	GEI Gallay ST-B255 STAINLESS STEEL FRAMED TOTE BIN FILLING FRAME , overall size approx. 1.66m x 1.4m x 2.26m high, with loadcells and digital read out	€200

Lot Number	Lot Description	Take out & loading + VAT
76	Steel Double Door PLC Cabinet	€120
77	Bolted Plant Entablature/ Mezzanine , approx. 4.5m x 4m x 2.5m high, with access staircase and barrier rails	€1000
78	Tote Cleaning Station , with control panel, steel RSJ, bin stand AND access platform	€450
79	Thyssen Henschel FM600 BLENDER , serial no. AO4848, year of manufacture 1999, stainless steel lined, jacketed, with ABB 90kW electric motor 740rpm, flow control equipment to top and sides and with access platform	€1000
80	Thyssen Henschel FM600 BLENDER , serial no. AO4853, year of manufacture 1999, jacketed, stainless steel lined, with ABB 90kW electric motor, with flow control equipment to top and sides and with access platform	€1000
81	GEI Gallay ST-M110 STAINLESS STEEL FRAMED TOTE BIN FILLING FRAME (Preblend Offload Station) , overall size approx. 1.66m x 1.4m x 2.26m high, with loadcells and digital read out	€200
82	GEI Gallay ST-B155 STAINLESS STEEL FRAMED TOTE BIN FILLING FRAME (Preblend Offload Station) , overall size approx. 1.66m x 1.4m x 2.26m high, with loadcells and digital read out	€200
83	Double Door PLC Control Panel, with control console	€120
84	Double Door PLC Control Panel, with control console	€120
85	Bolted Steel Framed Plant Entablature/ Access Platform , approx. 13.5m x 4m x 2.6m high, with steel staircase and barrier rails	€2000
86	Single Bay Two Tier Pallet Rack, approx. 2.9m wide x 1.1m x 4.5m high	€100
87	Two Bay Two Tier Pallet Rack, approx. 5.1m x 1.2m x 4m high	€150
88	Loadcell Weighing Platform, approx. 1.3m x 1.5m, with Howard WIT_C1A1_01 digital read out	€100
89	Wasserkühlgerät KG8.82KW WATER COOLING UNIT , serial no. 9.0186.910, year of manufacture 1999, 1057kg, with centrifugal pump, heat exchanger, two twin pot filter units, steel base plate and immediate piping	€500
90	Corrosion Inhibitor System , with stainless steel tank, multistage pump, twin pot filter, Cetetherm cetepate plate filter, three Heatrae multistage pumps, flow control actuators, base plate and immediate piping	€1250
91	PRE-BLEND ONE SYSTEM , with powder feed unit, two Ramsey Micro-Tech 2000 batch controllers, control panel, B.C.C. Engineering 420 litre stainless steel vessel (on loadcells), wax and bontron feed units, flow control equipment, digital read outs and Hosokawa Micron stainless steel vessel	€2250
92	ADD BLEND SYSTEM , with three control panels, each fitted Ramsey Micro-Tech 2000 batch controllers, Hosokawa Micron stainless steel vessel, B.C.D. 420 litres stainless steel vessel, four powder feed units, immediate piping and flow control equipment, plant entablature, partial steel staircase (from lot 91) and flow control equipment to under steel entablature	€2500
93	Hick Hargreaves Extruder Vacuum System Equipment , with stainless steel shell & tube heat exchangers, vacuum pump, interconnecting piping, Termo Trading unit, filters and immediate piping as appropriate	€1500

Lot Number	Lot Description	Take out & loading + VAT
94	BLENDING SYSTEM , comprising three iGEN additive control panels, each fitted Ramsey Micro-Tech 2000 batch controllers, three feed units, Hosokawa Micron stainless steel vessel, B.C.D. 420 litre stainless steel vessel, immediate flow control equipment and piping as appropriate over and under and bolted steel entablature access staircase	€3000
95	Twin GEI Gallay Stainless Steel Bulk Bag Discharge Towers (Extruder Offload Station 1 & 2) , serial no. ST-E185 and ST-E187, with feed tube, actuators, two tote bag emptying towers with chain hoist, discharge equipment, two charge chutes, flow control equipment, access platforms and control panels	€2500
96	Micron C-24 ACCUCUT CLASSIFIER , serial no. 991011P2, with Siemens electric motor drive, with immediate piping and equipment as fitted and steel base plate	€500
97	Hick Hargreaves Extruder Vacuum System Equipment , with shell & tube heat exchangers, vacuum pump, interconnecting piping, filters and immediate piping as appropriate	€1500
98	BLENDING SYSTEM , comprising three iGEN additive control panels, each fitted Ramsey Micro-Tech 2000 batch controllers, three powder feed units, Hosokawa Micron stainless steel vessel, B.C.D. 420 litre stainless steel vessel, immediate flow control equipment and piping as appropriate over and under, mezzanine access platform	€2500
99	Twin GEI Gallay Tote Emptying Stands (Extruder Offload Station 1 & 2) , serial no. ST-E285 and ST-E287, with feed tube, actuators, two tote bag emptying towers with chain hoist, discharge equipment, two charge chutes, flow control equipment, access platforms and control panels	€2500
100	Wasserkuhlergerat KG8.82KW WATER COOLING UNIT , year of manufacture 1999, 1057kg, with centrifugal pump, heat exchanger, two twin pot filter units, steel base plate, immediate piping	€500
101	Corrosion Inhibitor System , with stainless steel tank, multistage pump, twin pot filter, Cetetherm cetepate plate filter, three Heatrae multistage pumps, flow control actuators, base plate and immediate piping	€1250
102	PRE-BLEND TWO SYSTEM , with powder feed unit, two Ramsey Micro-Tech 2000 batch controllers, control panel, B.C.D. Engineering 420 litre stainless steel vessel, wax and bontron feed units, flow control equipment and digital read outs, Hosokawa Micron stainless steel vessel, mezzanine floor	€2250
103	ADD BLEND SYSTEM , with three Nuvera Micr control panels, each fitted Ramsey Micro-Tech 2000 batch controllers, Hosokawa Micron stainless steel vessel, B.C.D. 420 litres stainless steel vessel, three powder feed units, immediate piping and flow control equipment, plant entablature, partial steel staircase (from lot 102) and flow control equipment to under & around steel entablature, mezzanine floor	€2500
104	Micron C-24 ACCUCUT CLASSIFIER , serial no. 991011P3, with Siemens electric motor drive, with immediate piping and equipment as fitted and steel base plate	€500
105	Bulk Bag Emptying Tower , approx. 5.4m high overall, with chain hoist, pendant control, bulk bag frame, discharge equipment and rotary air seal (STR-101)	€800
106	Bulk Bag Emptying Tower , approx. 5.4m high overall, with chain hoist, pendant control, bulk bag frame, discharge equipment and rotary air seal (STR-121)	€800

Lot Number	Lot Description	Take out & loading + VAT
107	Bulk Bag Emptying Tower , approx. 5.4m high overall, with chain hoist, pendant control, bulk bag frame, discharge equipment and rotary air seal	€800
108	Bulk Bag Emptying Tower , approx. 5.4m high overall, with chain hoist, pendant control, bulk bag frame, discharge equipment and rotary air seal (STR-131)	€800
109	Stainless Steel Sack Tip Hopper	€300
110	Mild Steel Sack Tip Hopper	€300
111	GEI Gallay Stainless Steel Tote Bin Emptying Stand (additive blender upload station) (ST-B101), with air seal	€300
112	Two Steel Feed Hoppers	€250
113	Hosokawa Micron Unit	€200
115	Krupp Werner & Pfleiderer ZSK 50MC EXTRUDER , serial no. 232551, with electric motor drive, understood to have 11 heat zones, plant entablature, nip rollers, tote bag discharge tower, with inclined auger discharge conveyor, B.C.D. 700 litre stainless steel vessel, rotary air seal, Ramsey Mirco Tech 2000 loss in weight feeder controller, control panel, air seal, control console, double door PLC cabinet and control panels in power room	€9500
116	Sandvik Extruder Cooler Conveyor , contract no. D23768, approx. 900mm wide on belt x approx. 5.5m long, with associated equipment	€8500
117	Fitzpatrick FITZ-MILL D6 COMMUNUTOR , serial no. 11350	€150
118	Hosokawa Micron Stainless Steel Filter Unit	€200
119	GEI Gallay Stainless Steel Tote Bin Discharge Stand (additive blender upload station) , with discharge equipment and rotary air seal (ST-B201)	€300
120	Two Steel Feed Hoppers	€250
121	Palamatic STB2000 Steel Sack Tip Hopper , serial no. 4682B-1999, with Dust Check SFJ12-1.6-10 unit	€300
122	Krupp Werner & Pfleiderer ZSK 58MC EXTRUDER , machine no. 232552, with electric motor drive, understood to have 11 heat zones, plant entablature, nip rollers, bulk bag discharge tower (incomplete), with inclined auger discharge conveyor, B.C.D. 700 litre stainless steel vessel, rotary air seal, Ramsey Mirco Tech 2000 loss in weight feeder controller, control panel, air seal, control console, double door PLC cabinet and control panels in power room	€9500
